## **HONEYWELL HOSTS SAFETY AND PRODUCTIVITY SOLUTIONS INVESTOR SHOWCASE; HIGHLIGHTS INNOVATIVE TECHNOLOGIES THAT ARE DRIVING ORGANIC GROWTH**

MORRIS PLAINS, N.J., May 16, 2018 -- Honeywell (**NYSE: HON**) will host its Safety and Productivity Solutions (SPS) Investor Showcase today in Mason, Ohio. The Company will highlight its expectations for accelerating long-term organic growth in SPS driven by increasing demand for its industry-leading technologies, strong positions in growing segments, and a broad portfolio of Connected offerings for distribution centers, workers and the supply chain.

“Safety and Productivity Solutions is uniquely positioned to win with a wide range of solutions, software, and automation that drive gains in worker productivity, task accuracy and safety,” said John Waldron, President and Chief Executive Officer of Honeywell SPS. “We have leading positions in the markets we serve, with an installed base that includes \$6 billion of Honeywell Intelligrated warehouse automation solutions<sup>1</sup>, more than 4 billion sensor-integrated circuits, and more than 500 million workers around the world that rely on our safety equipment.

“Our long-term organic growth outlook is underpinned by that installed base as well as more than \$1 billion in new product sales annually, with much of that anchored in High Growth Regions like China. We are deploying a wide range of Connected Supply Chain and Connected Worker solutions to allow our customers greater visibility to achieve new levels of efficiency. In addition, our markets are fueled by strong industry macro trends, including more than 20 percent projected growth in e-commerce, parcel volume and industrial internet of things devices,” Waldron continued.

“Honeywell SPS has a best-in-class portfolio of innovative solutions, and we are confident in our ability to deliver strong organic growth and margin expansion for Honeywell shareowners for the long term,” Waldron concluded.

Honeywell SPS provides products, software and connected solutions that improve productivity, workplace safety and asset performance for customers across the globe. Honeywell SPS delivers this through industry-leading mobile devices, software, cloud technology and automation solutions, the broadest range of personal protective equipment and gas detection technology, and custom-engineered sensors, switches and controls.

Presentation materials and webcast information for the Honeywell SPS Investor Showcase, which starts at 8 a.m. EDT today, are available at [www.honeywell.com/investor](http://www.honeywell.com/investor). A replay of the webcast will be available following the presentation.
